AGRICULTURAL DEPARTMENT

DEVELOPMENT OF FLORIDA IN THIS LINE WILL BE SHOWN AT PENSACOLA FAIR.

During the past year the development of West Florida along agricultural lines has been rapid and this development will be shown at the Pensacola Interstate Fair this year to the best possible advantage.

The agricultural exposition this year will be one which would reflect credit upon any fair in the country and upon any section of the entire union. More counties will be represented than ever before and those which were represented last year will have bigger and better exhibits this year.

Secretary and General Manager Lillard recently made a trip through

Mahogany Log Boon, Showing L. & N. Grain Elevator and Part of Wharves.

out West Florida in the interest of the agricultural department and everywhere he went he met with abundant success and received assurances of first-class agricultural exhibits being brought to Pensacola this fall.

So much larger and more extensive will the agricultural exhibit be this year than heretofore that it has been necessary to secure larger quarters to house this department, and for this purpose a tent 80x150 feet has been procured. However, it now begins to look as though even this commodious tent will not suffice to exhibit satisfactorily the splendid agricultural exhibits which are to be at this year's fair and there is talk of either enlarging it or securing another tent to provide for a part of the exhibit.

If you have young children you have perhaps noticed that disorders of the stomach are their most common ailment. To correct this you will find Chamberlain's Stomach and Liver Tablets excellent. They are easy and pleasant to take and mild and gentle in effect. For sale by all dealers. (Adv)

THE MIDWAY ATTRACTIONS

High Class Shows Booked—Those Who Enjoy Bright Lights and the Rattle of the Speller Will Be Pleased.

Although the midway attractions seen at the Pensacola Interstate Fair have always been of a high order and strictly clean and moral, much better shows will be seen there this year than ever before, this part of the fair being directly in charge of a local company this year.

The Pensacola Amusement Company, a firm composed of business men of this city who are interested in the success of the fair and the development of the city, has been awarded a contract to furnish the attractions for the midway and these gentlemen have set about securing the very best that money can obtain in this line.

Instead of securing an amusement company and thus being compelled to take all the poorer class of shows which follow them and form a part of the company, as has been the case heretofore, independent shows are being booked this year, each one of them being selected with the greatest care.

The midway this year will be bigger than ever before and those who delight in the bright lights and the rattle of the speller will be enabled to enjoy themselves to the fullest extent.

The management of the Interstate Fair at Pensacola, say that this year's program is the best that has been put up for several years. Come up and see if they are good judges of what a good program is.

A LOG ON THE TRACK

of the fast express means serious trouble head if not removed, so does loss of appetite it means lack of vitality, loss of strength and nerve weakness. If appetite fails take Electric Bitters quickly to overcome the cause by toning up the stomach and curing the indigestion. M. Heschelmer, Lincoln, Neb. had been sick over three years, but six bottles of Electric Bitters put him right again. They have helped thousands. They give pure blood, strong nerves, good digestion. Only 50c at S. E. McGeachy. (Adv)

Indigestion

causes heartburn, sour stomach, nervousness, nausea, impure blood, and more trouble than many different kinds of diseases. The food you eat ferments in your stomach, and the poisons it forms are absorbed into your whole system, causing many distressing symptoms. At the first sign of indigestion, try

Thedford's Black-Draught

the old, reliable, vegetable liver powder, to quickly cleanse your system from these undesirable poisons.

Mrs. Riley Laramore, of Goodwater, Mo., says: "I suffered for years from dyspepsia and heartburn. Thedford's Black-Draught, in small doses, cured my heartburn in a few days, and now I can eat without distress." Try it.

SEND PICTURES BY TELEGRAPH.

Paris newspapers are now making practical use of a process for telegraphing photographs. The apparatus is a modification of the photograph-transmitting apparatus which was invented by Dr. Korn of Munich some years ago, and which depended upon the use of selenium and the fact that the amount of electrical current which passes through it varies according to the intensity of the light falling upon it. The new method does away with selenium and allows for a larger electrical current so as to counteract disturbances upon the line. Photographs are being reproduced in Paris by means of transmission over the telephone wires from Monte Carlo, 550 miles away, and the reproductions, while not as perfect as they would be if the line were free from disturbances, are nevertheless remarkably good.

Sick headache is caused by a disordered stomach. Take Chamberlain's Tablets and correct that and the headaches will disappear. For sale by all dealers. (Adv)

His Start.

"You got your start in politics by burning midnight oil?" "Yes," replied Senator Sorghum. "I was one of the busiest boys you ever saw in a torchlight procession."

Higher Task.

Singleton—"Well, now that you are married, I suppose your wife expects you to live up to your ideals?" Wedmore (sadly)—"No, to her ideals."

Uncle Pennywise Says:

When all else fails, husband and wife can always argue the question as to whether or not she could have done better than to marry him.

FORTUNES IN FACES.

There's often much truth in the saying 'her face is her fortune,' but it's never said where pimples, skin eruptions, blotches or blemishes disfigure it. Impure blood is back of them, and shows the need of Dr. King's New Life Pills. They promote health and beauty. 25c at S. E. McGeachy. (Adv)
